House apd04ong Ongles

A pool out of sight except that of the sun

Full details: <http://www.apdestination.com/apd04ong>

The few houses of this hamlet two kilometers from the village of Banon in the Alpes de Haute-Provence, are nestled between the fields of lavender and the forest. The farmhouse that welcomes you has been fully restored in 2016, to offer all the comfort that is expected to spend a good holiday in the sun of Provence. The two large wooden doors provide access to the enclosed courtyard typical of the old farms in the region. In the center of the paved inner courtyard has been arranged a large swimming pool 7.5 mx 3 m without any opposite, as well as a covered part that can serve as a shelter for bicycles and motorcycles. The house of 100 m² is located on the first floor of the house. After crossing a terrace overlooking the pool, you enter the fully equipped kitchen. Small plus and not least, a wood-burning pizza oven in working order throne in the kitchen. The very bright living room with its windows opening on three sides, offers a friendly and comfortable living space of 33 m² with a stone fireplace to enjoy the autumn. The two rooms of the house are

the flavors of the South and the fruits picked at maturity.
